The Wind

On some days the wind does not blow.
Everything is still. On other days it
blows and we feel it.
It messes up our hair.
Sometimes it sends our hats
flying. A stormy wind will bend
trees. A gentle wind only makes the leaves rustle.
Whatever wind blows it helps trees and plants. It
carries seeds away to new ground. They then sprout
into young plants and trees called seedlings.

Tick the two sentences that are true.

- 1 *The wind does not always blow.*
- 2 *Trees bend when a gentle wind blows.*
- 3 *Plants and trees need wind to spread seeds.*
- 4 *A wind cannot blow your hat off.*
- 5 *A young tree is called a fingerling.*

How does it end?

End each sentence with a word from the box.
